The walking/driving tour will take you through both historic districts in Sanford – downtown and residential - and will point out diverse architecture as well as give a history of the quaint lakeside town. The Student Museum has a variety of exhibit rooms each featuring a different period of history in North Central Florida. You will learn about the early Native Americans of Florida, Florida pioneers and early settlers. You will see a turn of the century classroom, learn about the industry of early Sanford and see an actual pioneer garden and much, much more. This museum offers a unique learning opportunity in the fourth oldest school building in continuous use in the state of Florida. The U.S. Department of the Interior lists this museum on the National Register of Historic Places.*

**Shopping at Flea World**
